

Three steps to getting your license

1. **TDLR** Apply to take your exam (512) 463-6599
2. **Prep At Home** Study for your exam (888) 300-9578
3. **PSI** Pass your exam (800) 733-9267

PSI - Test Day Recommendations

1. Skip the questions that look difficult or lengthy.

2. Take Three or Four Passes Through the Exam (minimum);

- Pass # 1 - Answer recognition from memory/experience (30 minutes)
- Pass # 2 - Tables and common articles (60 minutes)
- Pass # 3 - Calculations (120 minutes)
- Pass # 4 - Guessing (30 minutes)

Total test time → (4 hours)

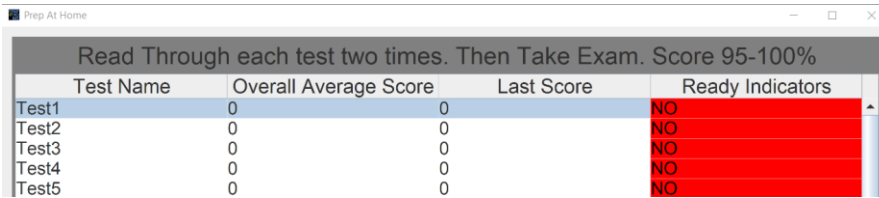

3. Take a valid photo State I.D (driver's license).
4. Take your codebook/s tabbed and highlighted.
5. Take ALL your test time (3-4 hours is huge).
6. Do not guess (until 30 minutes remaining). **Find** answer in codebook or Calculate.
7. Three – four passes through exam (use rest room breaks to relax).
8. Review and change your answers, ONLY as needed
(PSI software is different, you to go back and change your answers.)
9. Do NOT discuss your preparation, study, or Seminar with PSI employees.
If they ask how you passed, either don not respond or answer; "I studied my butt off", "I have years of experience and was ready", etc..

Share your Licensing success, and experience with your Prep At Home service.

Refer your friends by forwarding cell phone texts, or business cards, that need help passing their exams. Please pin up Business cards or Postcards to Billboards at your local supply houses. Thank you.

Program Study Recommendations

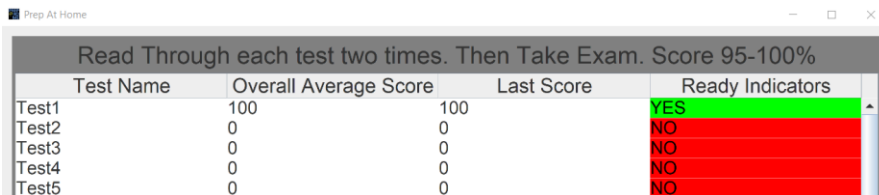

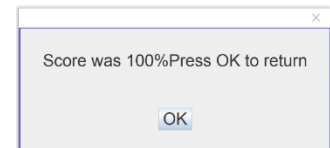

1. Without using your Codebook, select Test1 and click the **Read Through** button to **memorize** Test1. Using the **Next** button Read Through and memorize Test1 **two** times.

Test Name	Overall Average Score	Last Score	Ready Indicators
Test1	0	0	NO
Test2	0	0	NO
Test3	0	0	NO
Test4	0	0	NO
Test5	0	0	NO

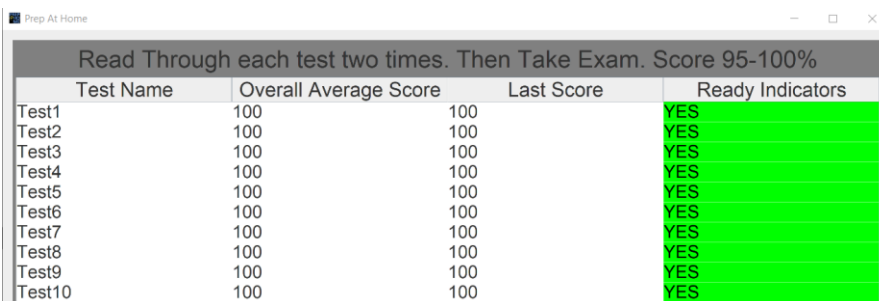

2. After you have Read Through and **memorized** Test1, then click the **Start Test** button.

3. Continue taking Test1 until your test score is 95% or higher.
This will turn the Ready Indicator for Test1 from a **NO** to a **YES**.

Test Name	Overall Average Score	Last Score	Ready Indicators
Test1	100	100	YES
Test2	0	0	NO
Test3	0	0	NO
Test4	0	0	NO
Test5	0	0	NO

4. Proceed to **memorize** Test2-10, and continue until ALL Ready Indicators are green.

Test Name	Overall Average Score	Last Score	Ready Indicators
Test1	100	100	YES
Test2	100	100	YES
Test3	100	100	YES
Test4	100	100	YES
Test5	100	100	YES
Test6	100	100	YES
Test7	100	100	YES
Test8	100	100	YES
Test9	100	100	YES
Test10	100	100	YES

5. After **ALL** Ready Indicators are green using memorization, then start back through the Tests again to **Study** and **Highlight** each code reference in your codebook/s, and ask any questions regarding the **Calculations**.
